### Adding Favorites To Your Personal Schedule

Once you are logged in, your pre-registered events will show as a favorite with a blue star. You can add additional sessions, events and speakers to your schedule by clicking on the gray star icon (yellow star will appear). Once added, you have the ability to view all of your favorites by clicking the 'My Agenda' link.

If you want to modify or add new sessions and functions to your registration, please refer to your registration confirmation email for the direct link to your registration summary.

### Plan Your Solutions Center Experience

Browse by exhibiting companies within the Solutions Center tab and favorite those you plan to visit in the Solutions Center. View all of your favorites by clicking on the star at the top. Your booth favorites will also carry over when logging into the mobile app (available in May).
