

# 2022 Diabetes Technology Conference Financial Disclosure information

In accordance with Joint Accreditation criteria and the ACCME's Standards for Integrity and Independence in Accredited Continuing Education, the Association of Diabetes Care & Education Specialists (ADCES) must ensure that anyone in a position to control the content of the educational activity (planners and speakers/authors/discussants/moderators) has disclosed all relevant financial relationships with any [ineligible companies](#) for the past 24 months.

Joint Accreditation/ACCME also requires that ADCES mitigate any reported conflict and eliminate the potential for bias during the educational activity. The disclosure information is intended to identify any ineligible relationships and allow learners to form their own judgments. However, if you perceive a bias during an activity, please report it on the evaluation.
