

CONFERENCE INVITATION LETTER

Dear State Health Agency Leader,

On behalf of the Association of Maternal & Child Health Programs (AMCHP) and its local, state, and national partners, I would like to thank you for your continued support in making AMCHP's Annual Conference one of the largest gatherings of MCH professionals in the country. I would also like to encourage you to continue supporting your Title V maternal and child health (MCH) and children and youth with special health care needs (CYSHCN) staff member to attend the upcoming conference which will be held virtually from May 24-26, 2022.

Considering our 2022 conference theme, *"Reflecting on our Past, Shaping our Future,"* we look forward to identifying practices and policies designed to address the key challenges that MCH programs and families face and strengthening the partnership between local and state MCH programs and families. Developed in response to input from state MCH staff across the country, AMCHP's Annual Conference is a critical investment in the ongoing professional advancement of your MCH and CYSHCN staff that aims to provide them with tools to overcome these key challenges and guide your agency in achieving its goals.

At the end of the conference, our goal is that your state attendees acquire valuable information to address the key challenges MCH program and families face. Additionally, we look forward to creating the space to learn new skills to adapt work plans due to COVID-19, discuss emerging issues in your state, learn how other states are tackling current economic and workforce challenges, and participate in many opportunities to collaborate, connect, and share.

The 2022 AMCHP Annual Conference will be which will be held virtually from May 24-26, 2022. [Registration](#) for the conference is open, and the schedule at-a-glance can be found [here](#). At AMCHP, we appreciate your willingness to invest the time and funding to send representatives from your team to the Conference. We firmly believe that the return on that investment will come from increased capacity among your team members to improve the health and well-being of children and families in your state.

I hope you will support this opportunity for your staff to participate in what will be an exceptional event. If you have any questions or would like additional information, don't hesitate to get in touch with me at Manda.Hall@dshs.texas.gov.

Most sincerely,

Manda Hall, MD
AMCHP Board President
