

ASAM 53<sup>rd</sup>

## ANNUAL CONFERENCE

*Innovations in Addiction Medicine and Science*

March 31-April 3, 2022 | Hollywood, Florida

### Priority Topics for 2022

The ASAM Annual Conference Program Planning Committee has identified priority topics for inclusion in this year's conference based on attendee feedback, trends in the field, and identified learner needs. Submissions on these topics are strongly encouraged.

- Adolescents and young adults
- Alcohol use disorder
- Chronic pain and addiction
- Clinical impacts of COVID-19
- Criminal justice, incarceration, and policing
- Educating fellows/trainees during COVID-19
- Health equity and racial justice
- Health policies from a legislative perspective but also from insurance/payer perspective
- Impacts of national, state, local policy on trends and practices
- Infectious disease treatment in different settings
- Initiation of medications for opioid use disorder in various treatment settings
- Medication for opioid use disorder formulations
- Multi-modal treatment approaches
- Psychedelics and other classes of drugs
- Telemedicine
- Treatment in different practice settings (eg, low threshold/mobile practice, hospitals, stabilization units, 24/7 clinics, etc.)
- Use of technology for treatment/treatment delivery
- Withdrawal management from sedatives
