# 2021 ASAM Review Course & ABPM Exam

July 22 - 24, 2021  
Virtual-Live Course

## Course Overview

### Educational Purpose

The essential primer for physicians and healthcare professionals in addiction medicine is going virtual once again! The ASAM Review Course has a major impact on helping physicians prepare for the American Board of Preventive Medicine (ABPM) examination and increasing attendees' knowledge on addiction. This two-and-a-half-day course is mapped to the addiction medicine exam blueprint and features outstanding faculty in a completely online platform.

### Learning Objectives

Upon completion, participants should be able to:

- Demonstrate practical knowledge of the neurobiology of addiction and articulate its activity in terms useful in a clinical setting.
- Describe the effects of alcohol, tobacco, and other drugs in both tolerant and non-tolerant individuals, and considerations for special populations.
- Describe the process for diagnosing addiction and differentiating the symptoms of addiction from those of other medical or psychiatric disorders.
- Explain the various pharmacologic and psychosocial treatments for addictive disorders, and describe the factors that should be considered in selecting a treatment modality to match a patient's needs.
- Describe the precipitants of relapse and current evidence-based practices to prevent and manage relapse.

## ABPM Exam Information

### ABPM Eligibility for ABMS Addiction Medicine Subspecialty

Beginning October 2017 through October 2025, physicians who have a primary American Board of Medical Specialties (ABMS) board (including current addiction medicine specialists with a primary ABMS board certification) may apply to take the ABPM exam to become an addiction medicine specialist. To determine your eligibility:

<https://www.TheABPM.org/am-i-eligible>

The Practice Pathway was recently extended to 2025, after which time a one-year, ACGME-accredited fellowship will be required to become an addiction medicine specialist.

### ABPM Exam Applications Accepted March 15 - June 30, 2021

Physicians interested in taking the exam to become certified in addiction medicine need to complete the application on the ABPM website. The application period for the exam is March 15 through June 30, 2021. Applicants will be notified of approval electronically by ABPM.

### ABPM Exam Administration Offered October 11 - 31, 2021

A variety of exam dates and locations will be offered from October 11 through October 31, 2021. Approved applicants will have the opportunity to select their exam location and date upon approval notification.

### Who Should Attend:

- Physicians preparing for the 2021 ABPM certification exam in addiction medicine
- Addiction specialists seeking a “refresher” course that incorporates recent developments in addiction science and practice
- Primary care providers and other healthcare professionals seeking knowledge about addiction medicine and available treatments

### How to Get the Most Out of the Virtual ASAM Review Course & Pre-Courses:

- Watch what you can LIVE and access the entire recorded course later ON-DEMAND, 24/7 for the next three years!
- Use a desktop or laptop that has a microphone and camera to maximize your virtual experience. Mobile devices can work but are not recommended.
- Ensure you have a stable internet connection with plenty of bandwidth for streaming. Consider using a wired internet connection.
- Make sure your internet browser is updated to the most recent version. Chrome or Firefox are preferred.
- Watch from the comfort of your home or office.
