## Experience the history, heart and soul of one of Ireland's most iconic creations.

Guinness is home to the history, culture and memory of Guinness from 1759 to the present day. The story of Guinness is a living one. It is one that started with such optimism that its founder, Arthur Guinness, signed a 9,000 year lease on St. James's Gate Brewery in Dublin.

Whether or not you enjoy the ubiquitous and unique beer, you will enjoy the historical venue as well as food and entertainment.

**CTOS has the entire Storehouse on Friday night for the Gala. Here are the various entertainment options on each floor.**
