### Increase Your On-Site Presence

The Hazmat Conference provides your company with an unparalleled marketing opportunity to get before industry decision-makers. You won't find a better opportunity to showcase your company and its products to the leading hazmat responders from around the country.

***53% of attendees have significant influence or are final decision-makers in department purchasing decisions.***

Explore these options for gaining additional on-site exposure with these decision-makers:

- **Educational Sponsorships**, like one of the general sessions, allow for you to speak in front of attendees. Or there are more intimate educational settings that allow for in-depth discussions and demonstrations with our Industry Solutions Session and Product Demonstrations.

- **Digital and On-site Branding** allow you to share a message with attendees and direct them to your booth or a specific URL where you can capture contact info or provide a special show offer.
- **Networking Events** are attended by all attendees and when you are the sponsor your branding is front and center at these events.
- IAFC can also work with you to create a **customized option** that works with your goals and objectives. [Contact us](#) to discuss.
