

Who will win the 2024 Academy, Committee, Interest Group Challenge?

The annual SAEM Foundation (SAEMF) Challenge is underway! YOUR gift or pledge to SAEMF by August 31 will help your Academy, Committee, or Interest Group rise to the top.

Donate!

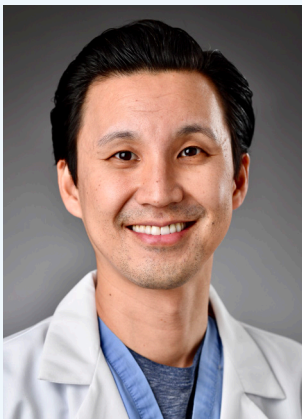

saem.org/donate

Winning groups will receive:

- ➔ Bragging rights for a year!
- ➔ A special treat at your group meeting during SAEM25
- ➔ Recognition as the 2024 Challenge champions in SAEM communications
- ➔ Challenge donors will also be recognized as Annual Alliance Donors

Thanks to generous SAEM members, many of whom are Challenge donors, SAEMF invested close to \$1 million in the research and career development of its 2024-25 research and education grantees. Let's take the next step to transform emergency care together - become an SAEMF Challenge donor today at saem.org/donate.

"I am so grateful for the grant I received from SAEMF. It allowed me to help jumpstart my research looking at the clinician workforce. Since my initial pilot award from SAEMF, I've subsequently gone onto obtain two separate R01 grants from NIH related to clinician psychological and cardiovascular health. The funding allowed me to work with a number of mentees and other trainees passionate about this area. I am grateful for the support from SAEMF and its supporters!"

Bernard P. Chang, MD, PhD

Associate Dean of Faculty Health and Research Career Development
Vice Chair of Research, Tushar Shah and Sara Zion Associate Professor of Emergency Medicine
