CME-CE

Physicians earn up to 22.75 CME

Technologist earn up to 19.75 CE

Credit Claim Deadline - August 7, 2023 per our accrediting providers. Click on the Claim Credit tile from the meeting homepage to obtain your credit.

Learning Objectives

1. Summarize the current scientific literature and recommendations for breast cancer screening with mammography.

2. Understand which patients may be at risk for poorer outcomes and learn ways to mitigate the differences.

3. Recognize the role of risk assessment and tailored screening paradigms to improve breast cancer screening outcomes.

4. Describe newer modalities for breast imaging, including various supplemental modalities used in addition to mammography screening, the strengths and limitations of each, expected accuracy of interpretation, and up-to-date concepts regarding breast density assessment.

5. Identify different practice patterns, metrics, and challenges pertaining to varying breast imaging practices across the country and discuss new practice paradigms that may advance care and physician satisfaction.

6. Describe ideas on how to best administer breast imaging practices at the local level, while establishing overall practice guidelines at the national level that meet local needs.

7. Review barriers in access for breast imaging care to develop strategies for improved service lines.

8. Define best practices for management of common clinical scenarios.

Accreditation Information

Physician Statement of Accreditation
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Michigan State Medical Society and Society of Breast Imaging. The Michigan State Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

Physician AMA Credit Designation Statement
The MSMS designates this live activity for a maximum of 22.75 *AMA PRA Category 1 Credit(s)™.* Physicians should claim only the credit commensurate with the extent of their participation in this activity.

Technologist Accreditation Statement The American Society of Radiologic Technologist (ASRT) is approved by the American Registry of Radiologic Technologists (ARRT) as a Recognized Continuing Education Evaluation Mechanism (RCEEM) to review and approve Continuing Education programs for Radiologic Technologists and Radiation Therapists.

Technologist Credit Designation The ASRT designates this educational activity as meeting the criteria for up to 19.75 Category A Credits accepted by the ARRT.

Instructions to Receive Credit - Physician
In order to successfully complete the activity, participants must attend the meeting in person, complete an activity evaluation and claim credit commensurate with their participation in the activity. Click on the Credit Tile on the meeting webpage.

Instructions to Receive Credit - Radiologic Technologists and Radiation Therapists In order to successfully complete the activity, participants must attend the live meeting, complete an activity evaluation and claim credit commensurate with their participation in the activity. Radiologic Technologists and Radiation Therapists must validate attendance for the entire duration of a session; no partial credit will be given. In accordance with ARRT attendance requirements, SBI will provide live attendance validation for technologists. Click on the Credit Tile on the meeting webpage.

For information about the accreditation of this program, please contact SBI at info@sbi-online.org.

Disclosure of Relevant Financial Relationships
The Society of Breast Imaging (SBI) Disclosure Policy: SBI adheres to the policies and guidelines, including the Standards for Integrity and Independence in Accredited CE, set forth to providers by the Accreditation Council for Continuing Medical Education (ACCME), stating those activities where continuing education credits are awarded must be balanced, independent, objective, and scientifically rigorous.
