2025 SBI Symposium Roundtables

The 2025 SBI Symposium will have a great selection of informal roundtable discussions. Roundtables will be held Thursday through Saturday between 7:00am – 7:30am in the General Session (Broadmoor Hall AB) and 12:30pm-1:00pm during the lunch break in the Exhibit Hall. We encourage attendees to grab food and join a roundtable!

Thursday, April 24

Roundtable Host	Time	Moderators	Topic(s)

Friday, April 25

Roundtable Host	Time	Moderators	Topics
SBI Fellowship Match Committee	7:00am-7:30 am	Samantha Zuckerman, MD	Success in fellowship & navigating the Fellowship Match
SBI Social Media Committee	7:00am-7:30 am	Rachel Preisser, MD	How to get started in social media: Discuss first steps and strategies for establishing your voice on various social media platforms Growing a following on social media: Discuss approaches to increasing reach, navigating changing algorithms to expand your community, and leveraging social media for networking and other opportunities

			Emerging platforms in social media: Discuss new technologies allowing radiologists to connect with each other and patients
SBI Inclusion Diversity Equity Alliance Committee	12:30pm-1:00pm	Tanya W. Moseley, MD, FSBI	Will address DEI initiatives' challenges while exploring practical approaches for breast imaging professionals to maintain momentum and demonstrate value through strategies aligned with SBI's mission. The discussion will focus on three key themes: enhancing patient-centered care by addressing disparities and improving cultural competency; developing an inclusive workforce through diverse talent attraction and mentorship; and implementing practical DEI strategies with measurable impacts despite resource constraints. Participants will share successful strategies, develop practical approaches, build collaborative networks, and create actionable organizational plans.

SBI Patient Care and Delivery Committee	12:30pm-1:00pm	Kathryn Zamora, MD	Will address issues of practice and patient care delivery of interest to the SBI community as identified in prior community-based surveys including: - Breast Cancer Risk Assessment integration into breast imaging workflow and breast care - Axillary screening and management - Image-guided cleanliness technique considerations - Open discussion to address any patient care issues which our members want to raise
SBI Education Committee	12:30pm-1:00pm	Dana Ataya, MD	This committee (Formerly CME & SAM Committee) helps execute future goals by assisting in the development of education products for Accredited CE. Members review lectures presented at the annual symposium and bundle them for CE products. They also develop and deliver webinars for our popular SBI Summer Webinar Series as well as Breast Cancer Awareness Month. Interested in joining? Come find us to learn more!
SBI Early Career Section Committee	12:30pm-1:00pm	Rend Al-Khalili, MD Allison Aripoli, MD	Open discussion of challenges unique to early career breast imagers, opportunities for early career involvement in SBI, and an opportunity for SBI ECS to address specific needs. Will highlight SBI resources available to early career breast imagers, including the Early Career Symposium Track and the SBI Early Career Webinar Series
