Los Angeles, CA

This seminar is restricted to physicians and teams trained in interventional vascular techniques treating patient populations described in the Instructions for Use for Medtronic endovascular therapies products. Medtronic product Instructions for Use and on-label product information can be found at http://manuals.medtronic.com/manuals/main/us/en_US/home.

As a medical device manufacturer, Medtronic does not provide credentials or certify your professional medical skills and/or your ability to provide appropriate medical care to patients for whom you intend to use a Medtronic medical device.

This content is not intended for attendees who practice in geographies where this product's use has not been approved. Please see a Medtronic representative for additional information on product availability in your geography.
