

## 2025 Exhibitor Service Manual (ESM) Instructions

Exhibitors who need access to the ESM can follow the provided link at <https://www.goshow.ags-expo.com/tempecomm/login> to request it. It is important to note that confirmed current exhibitors will receive a link, while those not confirmed through SMFM will be instructed to email AGS with their information and undergo verification by SMFM.

Adding [eventservices@ags-expo.com](mailto:eventservices@ags-expo.com) to the safe sender list is a good practice to ensure that emails from AGS are not blocked by firewall settings, which can be crucial for receiving important information and updates.

If SMFM exhibitors have any additional questions or require further assistance, they can reach out to the appropriate contact for support. This clear communication will help exhibitors access the necessary resources and information for the meeting.

### SMFM EXHIBITS TEAM

**Kasey R. McNeil & Tracy Hall**

Society for Maternal-Fetal Medicine

P: +1 (202) 599-8631 / (202) 644-9343
