ENDOUROLOGICAL
SOCIETY

As President of the Endourological Society, I invite you to San Diego, California to participate in the 39th World Congress of Endourology and Uro-Technology (WCET) 2022, the world's foremost meeting for Minimally Invasive Urologic Surgery.

Endourology has evolved significantly over the last 30 years; and the society is very honored to include the Society of Urologic Robotic Surgeons, the Focal Therapy Society and the Engineering and Urology Society as part of the Endourological Society portfolio, thus covering all facets of our subspecialty.

The World Congress of Endourology and Uro-Technology (WCET) will welcome more than **1,000** urologic professionals from around the world. The meeting will provide attendees with an incomparable educational program and showcase the very latest advances and technologies for the treatment of urologic conditions.

The WCET has become the world's foremost meeting dedicated to minimally invasive urologic surgery. This Congress brings together urologists from around the world who are leaders and early adopters in the home environment.

Comprised of unique and diverse groups of research, clinical and surgical professionals, **The Endourological Society** is the international organization for the worldwide advancement of minimally invasive urologic surgery and provides the forum to introduce, discuss and debate new technologies, treatment and techniques in urology.

The Endourological Society is committed to creating innovative support opportunities that optimize your connections with attendees worldwide! WCET 2022 has exhibit and sponsorship opportunities to better help your company reach your target audience.

We look forward to seeing you in San Diego, CA for a successful and innovative WCET 2022 — a meeting which I promise, not to be missed!
